CAPITOL CITY CINEMA - COVID-19 UPDATE 09.14.2020

Dear Capitol City Cinema Patrons,

Capitol City Cinema is excited to announce that we will be reopening **Friday, September 18, 2020**, with additional limitations listed below. Safety for our patrons and staff is our utmost priority, and we ask that you please help us in adhering to these guidelines. We've aligned our guidelines with [CinemaSafe](#).

Here's what we're doing to our theater:

1. **Reducing our maximum capacity by 30%.** With a regular maximum capacity of 50 patrons, our new maximum is now 35. This new capacity will allow for distances between patrons for happy and healthy film viewing. We've also made changes to our seating & aisles to encourage social distancing.
2. **Enhancing cleaning procedures before and after each film.** We strive to keep our theater as clean as possible and to prevent the spread of any viruses, we will be disinfecting theater seats and all surfaces in and around the theater.
3. **Enforcing social distancing standards.** Please refrain from hanging out in the box office after checking in and purchasing concessions.
4. **Reducing hours of operation.** For the foreseeable future, we've reduced our screening times. Please always check the schedule before coming in.
5. **Limited transactions.** We're going fully mobile. Please purchase your tickets online prior to each film. Limited concessions will be available & can be purchased in the box office.

Here's what our staff will be doing:

1. **Daily health screenings.** Staff will be required to check their temperatures before each shift and in the event symptoms are being shown; they will be required to self-quarantine until asymptomatic for 72- hours.
2. **Required PPE.** Staff will be required to wear masks until further notice.
3. **Frequent hand washing.** Hand washing is proven to be one of the most effective ways to stop the spread of diseases.

Here's what we ask our patrons to do:

1. **Consistent handwashing.** Please wash your hands and use hand sanitizer often to prevent the spread of diseases.
2. **Required PPE.** We're requiring face masks and coverings in our space. We ask that you respect this request and adhere to these guidelines.
3. **Maintain social distancing.** Please maintain social distance before, during, and after the film.
4. **Self-quarantine if necessary.** If you are showing any symptoms, please stay home. Additionally, please only visit the theater if you have been asymptomatic for at least 72 hours.

We appreciate your cooperation and hope to see you at the movies!

Capitol City Cinema Staff and Board of Directors
